BEWARE OF RATTLE SNAKES

Summer is here and Rattle Snakes are out in full force. There have been many sightings and even people who have already been bitten. Please be careful with your children and pets and be cautious of your surroundings. Some of the recommendations for control of these snakes are: "Control rodents in your yard and around your home: **pick up fruit** on the ground, keep trash cans closed with lids **and** don't leave pet food **out**. Keep any vegetation **from growing** up or over the **fence** as snakes can use it as a way over the fence."
